

# canUescape

by Alex Kagioglu

## Concept:

Try to get the box to fly out of the bowl.

## Controls:

There are 2 kinds of controls for this demo.

Move y+	Up arrow
Move y-	Down arrow
Move x-	Left arrow
Move x+	Right arrow

## Other stuff:

You can only change your momentum when your touching something.  
There is gravity so that you tend to move downward.

Press 'p' to begin

Press 'esc' to end
